Gentlemen:

It has been brought to our attention that there is a possibility of using your Pydraul 625 at our plant.

As stated in previous correspondence, any information regarding physical and chemical characteristics, basic composition, and reports of toxicity studies divulged by you will be used only by us in our investigations, reports to our physicians, and our compilation of a skin hazard classification listing.

Your sincere effort to help us in the past has resulted in a satisfactory relationship which we would like to preserve.

Your cooperation and an early reply will be appreciated.

Very truly yours,

PRATT & WHITNEY AIRCRAFT
