TEL DIRETTO

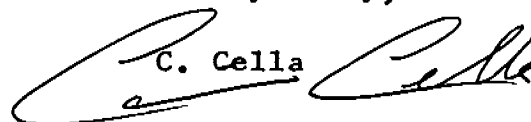

Dear Mr. Olson,

Thank you for the kind reception I was afforded at the meeting among so many old friends. The place chosen this year was really wonderful. It was a pity I was unable to stay a little longer and my wife was not with me. After the Denver meeting, she has always been a bit jealous of my journeys and would always like to come with me. Maybe next year.

I take the opportunity to give you my telex number (310679) so I can be informed faster. For me to decide whether to attend the meetings, it is not important to have the exact schedule and names of the participants, but it is very important to have a list of the subjects. Will you kindly inform me by telex about the decisions taken.

My congratulations on the excellent organization.

Yours very truly,

C. Cella
