Dear Dr. Kehoe:

Thank you for your very informative letter of April 3, 1967. I have sent copies of your letter to the other members of the Commission's Council of Technical Advisors on Ambient Air Quality Criteria. I have also sent a copy of your letters of March 13, and April 3, 1967 to Dr. Hardy, Dr. Sturgis and Dr. Goldsmith.

Dr. Goldsmith's letter of February 21, 1967 and Dr. Sturgis' letter of February 13, 1967 were included in the packet of supplemental material to the Commission's hearing, since these letters were directly related to Dr. Goldsmith's letter of February 9, 1967 and the letters were received just prior to the packet of material being sent to our printing shop.

Your letter of February 6, 1967 and the attached material (which was included in the supplemental packet) has been of assistance in reviewing the hearing testimony. Your letters of March 13 and April 3 will also be considered in preparing the Department's recommendations to the Pennsylvania Air Pollution Commission. I believe that this information should be circulated to all interested parties. After criteria are adopted by the Commission, they will be subject to continuing review by the Commission's Council of Technical Advisors.

Therefore, it is anticipated that there will be periodic revisions (similar to revisions of the Threshold Limit Values) of these criteria.

Thank you again for your assistance and interest.

Sincerely,

Victor H. Sussman
