Dear Dr. Kehoe:

Yesterday, under separate cover, we sent you via first class mail, special delivery, fourteen tubes that have once again been specially prepared. This time following your routine meticulously and doing the cleaning and finishing in a different part of the Plant than the previous samples were prepared in. We believe that these will turn out satisfactorily.

I expect to be in Cincinnati on the 19th of November and at that time I would appreciate it very much if you could find time to see me and discuss this matter with me.

Again thanking you for all your courtesies and cooperation, we are

Very truly yours,
