EXPEDITED SETTLEMENT AGREEMENT (ESA)

DOCKET NO: CAA-06-2025-3440

This ESA is issued to: Vaquero Midstream, LLC-Caymus Plant

At: 3500 N. FM 1776, Cayanosa, TX 79730

for violating Section 112(r)(7) of the Clean Air Act

The United States Environmental Protection Agency (EPA), through its delegated official, the Director of the Enforcement and Compliance Assurance Division, and Vaquero Midstream, LLC-Caymus Plant (Respondent) have agreed to a settlement of this action before filing a complaint, and thus this action is simultaneously commenced and concluded pursuant to Rules 22.13(b) and 22.18(b)(2) of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules), 40 C.F.R. Part 22.

This ESA is an administrative action for the assessment of civil penalties instituted pursuant to Section 113(d) of the Clean Air Act (CAA), 42 U.S.C. § 7413(d). Pursuant to Section 113(d) of the CAA, 42 U.S.C. § 7413(d), the Administrator and the Attorney General jointly determined that cases which meet the criteria set forth in EPA's policies¹ are appropriate for administrative penalty action.

ALLEGED VIOLATION

On November 6, 2023, EPA Risk Management Program Reporting Center sent a letter to Respondent, notifying Respondent of its failure to update the Risk Management Plan on file with EPA for its facility located at 3500 N. FM 1776, Cayanosa, TX 79730 (the "Facility"). Facilities subject to the Risk Management Program (RMP) regulations at 40 C.F.R. Part 68 are required to submit an updated Risk Management Plan at least once every five years. EPA's review indicates that the update for the Facility was not submitted by the required due date of October 11, 2023. EPA has found that Respondent violated the RMP regulation and Section 112(r)(7) of the CAA, 42 U.S.C. § 7412(r)(7), as follows:

- 1) **40 C.F.R. § 68.190(b)(1) Updates** - *The owner or operator shall review and update the RMP as specified in paragraph (b) of this section and submit it in the method and format to the central point specified by EPA as of the date of submission. (b) The owner or operator of a stationary source shall revise and update the RMP submitted under 40 C.F.R. § 68.150 as follows (1) At least once every five years from the date of its initial submission or most recent update required by paragraphs (b)(2) through (b)(7) of this section, whichever is later.*

Part 68" (2004); and "Changes to Restrictions on the Use of Expedited Settlements in Addressing Violations of the Clean Air Act Chemical Accident Prevention Provisions" (2013).

SETTLEMENT

In consideration of the factors set forth in Section 113(e) of the CAA, 42 U.S.C. § 7413(e), the criteria set forth in EPA's policies, and upon consideration of the entire record, EPA and Respondent enter into this ESA to settle the violation, described above, for the total penalty amount of **\$2,000**.

This settlement is subject to the following terms and conditions:

Respondent, by signing below, waives any objections that it may have regarding jurisdiction, neither admits nor denies the specific factual allegations contained herein, and consents to the assessment of the penalty as stated above. Each party to this action shall bear its own costs and fees, if any. Respondent also certifies, subject to civil and criminal penalties for making a false statement to the United States Government, that Respondent has corrected the violation listed above and will pay the full penalty of **\$2,000** by certified or cashier's check made payable to the "Treasurer, United States of America" and sent to:
