Dear Richard:

After an exhausted search, we have determined that [REDACTED] was pronounced dead in the City of Tyler although the accident occurred in another county. A request to the Tyler-Smith County Health Department, official custodian of death records in the City of Tyler, brought forth the necessity for prepayment of \$2.00 for each certificate.

We find a recent change in the State Laws governing gratis certificates requiring payment of \$1.00 to \$2.00 in all but isolated incidents. While we could pay the above mentioned fee without too many problems, I thought it well to bring this to your attention and get your opinion on it.

We will hold everything in obeisance until I hear from you.

Sincerely,

Grady Fayk, Jr.
Executive Secretary
