

50 SHOTS

ALL IN 10 RING

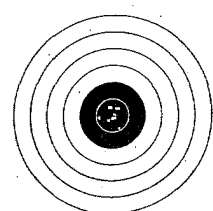

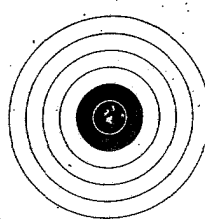

....38 of them V's!

SAMUEL TEKULSKY of the Roosevelt Rifle Club, New York City, is the man responsible for the perfect scoring that these targets show.

In testing U. S. .22 N. R. A.'s at 100 yards, he fired 50 shots....every one of which scored in the 10 ring.... 38 of them were V's. In one string alone, Mr. Tekulsky registered 10 V's in a group that measured .89 of an inch!

So, on the score sheet of your mind, chalk up another achievement in accuracy for U. S. .22 N. R. A.'s....another outstanding reason why none but this popular and ultra-accurate, small-bore cartridge should go into your rifle.
