Charleston, West Virginia 25311

Dear Mr. Beard:

As you may know, the Du Pont Company is a major manufacturer and supplier of industrial coatings. As part of our customer service program, and to aid in corporate research and new product development activities, we have attempted to remain informed of regulatory control requirements pertaining to hydrocarbon emissions.

We are also quite interested in regulations controlling other air pollutants.

Would you please send me a copy of the West Virginia Air Pollution Control Regulations.

Very truly yours,

E. E. Swain, Jr.
Pollution Control Coordinator
