WHEEL BALANCER

Bubble Type—Portable—Self Leveling

Extremely accurate, simple and safe to use. Easy to read circular level virtually eliminates human error. Accurately balances all wheels when using regular weights. This portable and self-leveling balancer may be used indoors or outdoors, even on a stone driveway. Convenient built-in weight storage space in base of balancer combines everything needed in less than two square feet of floor space. All steel parts are plated to prevent rust.

F. WHEEL WEIGHT

Taypa-Wate

Adhesive-backed 12" lengths of formed lead marked up in 1" segments each weighing ½-oz. The user simply cuts the size required as indicated by balancing machine. You can balance all wheels . . . regular steel, racing, magnesium, drags, aluminum, custom chrome, wire, foreign types, truck and bus. Wheel balance is achieved through the placement of weight near the center line of the wheel. Special all-weather adhesive holds it tight to the rim in any temperature from sweltering heat to below zero. Works with any type balancer.

4-3410 ½" Wide, Racing Type ..... **Price Per Box $18.65**

4-3411 ¾" Wide, Heavy Duty Type ..... **Price Per Box $18.65**

G. TEST WEIGHTS

Magna-Wate

Magnetic test weights used to determine the amount and position of Taypa-Wate wheel weights. Made in same measurements, 1" = 1-oz. as Taypa-Wates. Test segments may be used over and over.

4-3413 9-oz. Set for Bubble Type Balancer ..... **Price $ 3.95**

4-3414 16-oz. Set for Spinner Type Balancer ..... **Price $ 6.95**
