SUBJ: NOVEL PRODUCED ETHOXYLATES

VISTA

Attached is the list of MSDS's we currently have for NOVEL produced ethoxylates. As you can see, there is only one NOVEL II MSDS currently available.

Please let me know, in writing, which NOVEL II ethoxylates we are currently producing, or anticipate in the near future.

Also, you indicated all NOVEL ethoxylates should be removed from the files, as NOVEL II is the only NOVEL process used now. Please confirm this in writing and we'll remove all NOVELS from distribution.
