Las Vegas, Nevada 89101-6026

Re: Nevada Power v. Monsanto, et al.

Dear Nik:

Enclosed please find the set of interrogatories and responses thereto that are to be used immediately against those defendants that have appeared and filed answer.

Also enclosed is a copy of the request for admissions that I used in connection with the documents. We ought to send those out as soon as we can as well.

Finally, enclosed please find a copy of the Tennessee decision that I discussed with Randall the other day. It's a very important case to read. It will help you understand the design of the discovery that we have just received in this case.

After you've had a chance to review these documents give me a call to discuss them a little bit further.

Sincerely,

THOMAS E. KOTOSKE
