Texas Air Control Board
8520 Shoal Creek Boulevard
Austin, Texas 78758

Attn: John L. Anderson, Chief
Emissions and Meteorological
Data Section

Dear Sir:

Enclosed please find the revised plot plan of Asarco's El Paso Plant to be used for a comprehensive emissions inventory. Guidelines, contained in your letter of June 6, 1978, were followed in the preparation of this plot plan to the best of our understanding and interpretation. Also enclosed is a cross reference table showing the emission point numbers used with earlier inventories and the corresponding revised number.

Please advise if you should require additional information concerning this plot plan.

Sincerely,

Original Signed by
W. F. CUMMINS
