Thank you Kristin! The afternoon of the 20th is great. The CEO is available any time Thursday from 9am-7pm. Please let us know the best time and logistics.

The attached meeting form is also attached.

Thank you again,

Think Secure. This email is from an external source.

Hi James, apologies for the delay! Afternoon of the 20th and mid-morning of the 21st could work for us. Please let me know what time frames are good. Also, could you fill out this attached meeting request form for our ethics team to review?

Thank you so much!
Kristin

Thank you so much for getting back to me Kristin. One thing to add is Mr. Sawan is available both in the afternoon or the evening of 2/19, if that is a helpful option, and of course during the day of the 20th or 21st. Thank you again, and please let me know if you have any questions or if I can be further helpful. (b)(6) is my cell.

James

Good afternoon, James,

Thank you for your meeting request. I am working on a process to get meetings scheduled and I will follow up with as soon as possible. Thank you for your patience.

Warm regards,
Kristin Repass

Kristin Repass
Director of Scheduling & Advance
Office of the Secretary | U.S. Department of the Interior

DOI Scheduling –

I hope this finds you all well. I'm reaching out with the hope of finding some time on Secretary Burgum schedule to meet with Wael Sawan, CEO of Shell. Mr. Sawan's biography can be found [here](#).

Mr. Sawan will be in DC and available for a meeting February 19 – 21.

Shell is the largest producer of oil and gas in the Federal offshore (Gulf of America) and the largest payor of Federal royalties. The United States is the largest investment within the Shell global enterprise. With this, Mr. Sawan would appreciate the opportunity to talk about policy items relevant to the US (e.g., lease availability, vessel restrictions, bonding and financial assurance policy) and any other global energy matters of interest to the Secretary.

Thank you in advance for your consideration!

James Schindler
Corporate Relations Advisor
Shell
