EJK thinks there is "the germ of a major strategy here." He suggests

1. Compilation of asbestosis file, as suggested,
2. Explore with Aetna what we can get in way of "automatic, planola coverage" in nature of public liability....like coverage extended by cedar chest manufacturer against moth holes,
3. "X" step -- how to utilize and get results
 - a. go to union cold turkey and lay it on line?
 - b. or - start with people we know in union and build up confidence in worker that he is protected and there is no risk?
