1. The August issue of the AAPG Explorer includes cover story regarding implications of Secretarial Order 3352 on possible expansion of NPRA exploration and the potential opening of the Arctic Refuge 1002 Area. The Explorer can be downloaded by clicking link at lower right at: <http://www.aapg.org/publications/news/explorer/2017/08aug/articleid/36986/august-2017>

2. I've accepted an invitation to participate in an Alaska Public Radio call-in program on August 22. Invitation embedded below.

Hi David,

We're planning a live call-in program on Alaska's economic future and future as an oil state. It's for the show Talk of Alaska, with host Lori Townsend and it's part of our big podcast and [series Midnight Oil](#).

We'd love to have you on for part of the show to talk about the three big oil finds recently and how certain/uncertain they are to actually come on line.

Would you be game for that? The show is August 22nd, 10am AK time. We would have you by phone for about 10 minutes about midway through the hour.

Thanks,

Annie
