PERSONAL

August 16, 1937

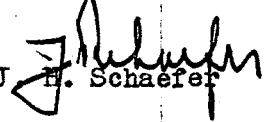

Dr. R. A. Kehoe,

Dear Bob:

I took the liberty of forwarding to Mr. J. L. Stecher, Oscar Lewis' memorandum of August 9 in connection with recent poisoning case occurring at Gulf's plant at Cleveland, Ohio. I felt that due to Mr. Stecher's long experience in lead work we might receive some valuable comment.

As a matter for your information, I am attaching hereto copy of his views which he forwarded to me on August 13, as a memorandum. While I felt that the Manufacturing Department would be competent to supervise the cleaning of tanks, etc., to do so would obviously entail enlarging our personnel considerably accordingly. I would, therefore, like to have your expression concerning Mr. Stecher's views before I give the matter any further attention.

Very truly yours,

J. H. Schaefer
