

Acme INDUSTRIES, INC. Jackson, Mich. • Greenville, Ala.

FULL LINE OF COMPONENTS FOR ALMOST EVERY
OEM, BUILT-UP SYSTEM AND REPLACEMENT NEED

Acme has been established, since 1919, as a leading supplier of custom-designed and standard basic refrigeration and air conditioning components . . . for original equipment manufacturers, built-up system use and replacement needs.

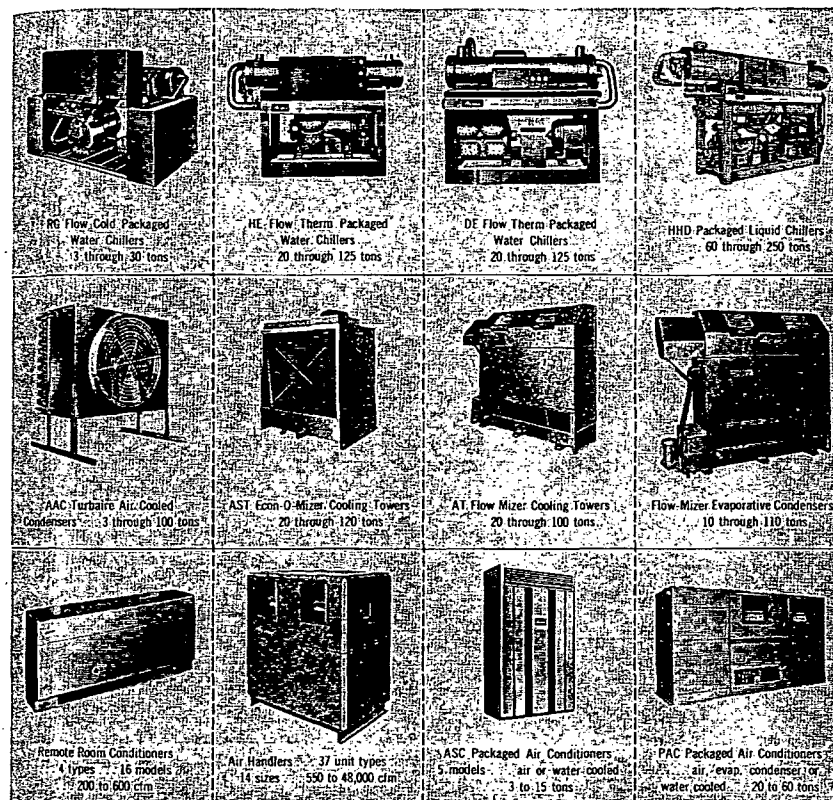

Recognition of Acme components as the best available, is best attested to by the fact that major

manufacturers of comfort and process cooling equipment have used Acme components for many years.

Your requirements . . . whether for chillers, condensers, coils, receivers or heat exchangers are best supplied by Acme, too. For expert technical assistance contact your Acme representative.

Acme INDUSTRIES, INC. Jackson, Mich. • Greenville, Ala.

COMPLETE AIR CONDITIONING & REFRIGERATION
SYSTEMS FOR COMFORT AND PROCESS COOLING

Whatever your air conditioning or refrigeration requirements, Acme offers the equipment . . . a complete line of packaged chillers, water saving and air handling units, in a broad range of sizes and capacities.

From the smallest process cooling application to the largest comfort cooling installation, Acme can

supply the equipment, the engineering assistance to "custom tailor" a direct expansion or chilled water system to your most exacting specifications.

Acme offers, in addition, a broad range of completely self-contained, packaged air conditioners.
