Your Paint-work is INSURED by the 100% PURITY of MONARCH PAINT

THE easiest way to tell good paint is to look for the formula on the can. If you find only pure Carbonate of Lead, Zinc Oxide, Linseed Oil, Turpentine Drier and pure colors, you can rest assured that such paint will cover the greatest amount of surface, last the longest and look the best.

MONARCH 100% Pure Paint is such a product. Paint authorities recognize it as the "Standard of Paint Comparison."

Come in for a color card and ask to be shown the MONARCH demonstration.
