Good morning,

Attached are the lists of projects and studies that Army Corps Civil Works will be undertaking with the \$17B Emergency Disaster Supplemental funding that was authorized in February 2018. The lists were released publicly yesterday afternoon. I wanted to make sure you all were aware of the projects since approximately \$10B of the supplemental funds will be dedicated to projects/studies in the Gulf.

The execution of these projects and studies is going to add additional challenges for the state and federal regulatory agencies and resource challenges for many of the states who will be cost share partners on these project. The supplemental funding brings additional opportunities for the states to leverage their Bucket 1 and 3 funds as their cost shares for these projects.

Glad to discuss this effort if you all have any questions.
