

MEMORANDUM

TO: THOMAS E. KOTOSKE, DAVID McCREA, J. RANDALL JONES AND
NIK SKRINJARIC

FROM: CHARLES H. McCREA, SR. 

RE: EEI

DATE: NOVEMBER 3, 1989

I took a telephone call from Larry Brown, an attorney in the office of the General Counsel of Edison Electric Institute (EEI) who informed me that the defendants are planning to examine documents at EEI's offices on Monday, November 6, 1989. EEI will make copies of everything the defendants take away. Brown called to find out whether we wanted copies. I told him we did.

He also informed me that a deposition had been set for the week of November 27th but that the date had not yet been decided upon. The person to be deposed probably will be Fred I. Denny, Vice President Environment, Fossil Fuels and Power Production.

Mr. Brown said he would keep me informed of developments. His telephone number is (202) 778-6618.
