Subject: Speaking Invitation: S&P Global Platts Global Energy Outlook Forum

Hi, Ryan –

Hope you're doing well.

Please find attached an invitation for Administrator Pruitt to give a keynote speech at the S&P Global Platts Global Energy Outlook Forum on December 7, 2017.

Please let us know if you have any additional questions.

Thanks very much.

Best,

Jillian

1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

Dear Mr. Pruitt,

On behalf of S&P Global Platts, I would like to invite you to deliver the keynote address at the 2017 Platts Global Energy Outlook Forum on December 7, 2017 in New York. Each year, the Forum provides an in-depth view into global energy issues and draws about 200 senior executives from the energy and finance industries. This year, our speakers will address the shifting political landscape and how organizations are evaluating new opportunities, weighing policy and mitigating risk.

With the changing approach to energy policy in Washington, D.C., we believe you could provide valuable insight to attendees. The Forum would also provide you with a chance to directly address energy and finance executives about your plans to implement a balanced pro-growth/pro-environment approach. Generally, the Forum aims to elevate the level of discussion by tackling tough topics and encouraging participation from our audience. In 2016, we featured the CEO of Continental Resources Harold Hamm as our keynote, and His Excellency Abdalla Salem El-Badri, the Former Secretary General of OPEC as our closing Keynote/Luncheon speaker.

The Forum will take place the morning of the 19th Annual Platts Global Energy Awards, an event that celebrates innovation and achievements in the energy sector. It is our pleasure to invite you to this black tie gala as our special guest.

I have attached a copy of our executive briefing for your reference. We hope you will accept our invitation to deliver the Keynote address at the Forum, and that you can join us for an evening of celebration in New York.

Thank you for your consideration, and we look forward to hearing from you.

Kind regards,

Brian Speight
