Dear Mr. Mark:

Re: [REDACTED]
Death Claim

The above named deceased, formerly an employee of the Gulf Refining Company in Cleveland, Ohio, died July 27, 1937 as a result of Tetra Lead Poisoning. I am advised that your Company made a thorough investigation of this casualty.

We are interested in this case as this man had a \$2,000 policy with us which contained a Double Indemnity clause. I would appreciate it very much if you would advise me what the result of your recent investigation was, and perhaps you could send me a copy of your report. I can assure you it's contents will be kept confidential and will be used only in connection with payment of benefits under our policy.

Very truly yours,

James VanDyke
District Inspector
