

N13923

My dear Bert,

Thank you for your long & interesting letter. I should like to thank you for the thought you put into it. I have all in my hand! Furthermore, since I have not heard from the Editor of the Bulletin, I am glad to hear that he has taken notice of my paper & put it in that little. I'm glad to hear that the point I raised in my letter has been taken into consideration. I find your little very helpful. This is exactly our own the question of Book Week in Children - This is exactly our own experience over the last 5 years during which the children's book has been so much in the foreground. I am also very interested to hear the inside you have noted in so far as their book week.

The 3rd Sunday. Any way, thank you very much for the quick response to our help. I'm glad however it wasn't needed!

Kind regards
 Yours truly
 J. R. M.
