Where the hold-harmless agreement has also required adequate insurance coverage, we are holding the insurance certificates and Dr. Cumming Paton will be responsible for the coordination and follow-up as expiration dates approach. He will maintain complete files on these, as well as retain the individual copies of the respective insurance certificates.

I will continue to hold a duplicate of the hold-harmless agreements we receive (Xerox copies). As additional customers are approved I will forward the original copies to you.

H. S. BERGEN
