MEMORANDUM TO: R. M. Vining
FROM: C. E. Brookes
cc: V. M. Bakeman w/o att.

Enclosed is an inquiry to miners and processors of
asbestos from the Environmental Protection Agency.

As I interpret the regulations as shown in the Federal Register, pages 33202 and 33207 as highlighted, you probably don't have to report.

Nonetheless, you may want to have Mario Favorito review my interpretation.
