Millan—You are one efficient advance girl!! So great to already hear from you. Rest of the dinner was great—too bad you and the boss had to speak and run! Let me know as soon as you come up for air—I'm copying Dwight so he helps make sure we don't overlook a note from you. Put something loud or goofy in the subject line so we can't miss it! Take care and good to meet you. pmr

Patricia,

It was a pleasure to meet you this evening at the API dinner. You were so thoughtful and inquisitive during our conversation which I truly appreciated. I would love to grab coffee in the near future. It is pretty busy here for the next few weeks but I'm looking forward to getting together soon.

Hopefully the rest of the dinner went well. Thank you for including us.

Warm regards,

Millan Hupp
