**SHERWIN-WILLIAMS**  
PAINTS & VARNISHES

## Win by Comparison

When figuring on Painting you are interested first in the QUALITY. This you are assured when using SHERWIN WILLIAMS PAINT (SWP) with its reputation of nearly 60 years' satisfaction to people living in all parts of the world, many of whom are your San Diego neighbors.

Second, you are interested in the COST. The use of SHERWIN WILLIAMS PAINT (SWP) with its more than 33% Zinc Content

## Costs You Less

by comparison than **LEAD AND OIL**, the best Paint known to the average person, as the following will indicate. At the same time you get a finer ground Paint that will form a more perfect and durable film that will not chalk off and at the same time the color is ground into the Paint and not just mixed by stirring with a paddle.

## White Lead and Oil Hand Mixed

|                                             |                |
|---------------------------------------------|----------------|
| 100 pounds White Lead in Oil at 14½c        | \$14.50        |
| Five gallons Pure Raw Linseed Oil at \$1.27 | 6.35           |
| One pound Pigment Coloring                  | .50            |
| One quart Japan Dryer                       | .85            |
| Three hours' time required for mixing       | 3.00           |
| <b>Total</b>                                | <b>\$25.20</b> |

Above mixed ready for use costs total \$25.20, making 77¢ per gallon, paint, covering 225 square feet to the gallon, two coats, or total of 1744 square feet, therefore costs \$1.44½ per SQUARE.

# Sherwin Williams Paint (SWP)

|                                                    |                |
|----------------------------------------------------|----------------|
| Six gallons Sherwin Williams Paint (SWP) at \$4.25 | \$25.50        |
| 1½ gallons Pure Raw Linseed Oil, at \$1.27         | \$1.90         |
| Three pints Turpentine for first coat              | \$ .80         |
| One hour's time required in mixing                 | \$ 1.00        |
| <b>Total</b>                                       | <b>\$29.20</b> |

Above mixed ready for use costs total \$29.50 and produces 77 1/2 gallons Paint, covering 280 square feet, two coats, total of 2170 square feet, therefore costing \$1.35 per SQUARE. "
