Dear CCIM PFAS WG members,

As you might remember from some weeks ago, there are currently discussions ongoing in the POP CA group on the potential challenges regarding the implementation of the PFOA ban in fire-fighting foams under the POP Regulation (see mails in the annex for memory).

To discuss this point further, an informal meeting has been planned 01/03 with the competent authorities. I would therefore like to ask you to inform us on whether you have specific input/questions/concerns on this PFOA ban implementation that you would like us to convey at this meeting. Please send back any input you might have on this, preferably at the latest by **28/02 COB**.

Many thanks in advance, and have a nice weekend!

Kind regards,

Objet : Ad hoc meeting of POP CAs on PFOA in fire-fighting foams

Dear colleagues,

As discussed at the last POP CAs meeting, we are organising an ad-hoc on-line meeting to discuss the **practical problems related to the implementation of the PFOA ban in fire-fighting foams**. Could you please book the morning of 1 March, from 9.00 to 13.00? You will receive the invitation and the agenda closer to the date of the meeting.

Kind regards,
