VISTA

Dear Mr. Banks:

The EPA on September 30, 1986, amended 40 CFR Part 61 of the regulations to include compliance with Subpart V - National Emission Standard for Equipment Leaks. Vista's Aberdeen Chemical Plant has modified our Leak Detection and Elimination Plan to comply with this new regulation. The Leak Detection and Elimination Plan is attached. Written approval of this revised plan is requested from the Mississippi Department of Natural Resources.

If you have any questions concerning this request, please call me at (601) 369-3634.

Sincerely,

V. E. Messick
Chief Process Engineer
