Subject: RE: Shanghai meeting next week

Jim Vail has come on board to staff the technical committee and will be attending both the Oversight and Recruitment Committee meetings. I think it would be a good idea to have a face to face technical meeting. I would like to discuss the financial tracking as it is associated with protocol milestones. I am in the process of updating some of Georges Excel spreadsheets and putting together new tables and would benefit from the technical committees input.
Paula P.

Subject: Shanghai meeting next week

All:

Because of a scheduling conflict, I will not be attending the meeting in Washington next week. (In addition to my kosher diet concerns, this would also significantly impact my attendance at the dinner.)

Note that on the recruiting front, I still have the action of reconnecting with DuPont (Robin Leonard), CITGO (Brian Turner) and BASF (Gerhard Gans). Although they have not asked me to call them back, I will be using the excuse that we now have additional study documents to share (ie, the work of Lynn, Matt and others).

I am not sure where things are on the technical committee front, but it seems we should be more active. Has the cost accounting issue been resolved ?

Please let me know if you want my opinion on other matters.

Thanks

Be well

Stuart

BTW we now have two new kosher restaurants downtown, a deli and a fancy one both located at 11th and Penn NW
