Dear Brian:

We tried to phone you earlier this week but couldn't reach you. I've included with this letter the instrumental conditions used for your samples and a summary of the results. We have not yet analyzed the mineral oil sample but will do so shortly. I apologize for not getting these to you sooner.

Dr. Gross is in Washington at the ACS meeting where I will be joining him on Wednesday (September 12). I will have him look over the data and then mail this to you. If you have any questions regarding the results, we will be back in the lab on Monday.

Sincerely,

Phil
