RE: Details of Square D/GE Contract Rebate

In regards to your request for details of the recent rebate issued by GE, I am enclosing a breakdown of material purchased by each location from November 1977 to February 1978. Exhibit I details the purchases applied to the contract by location and Exhibit II translates those purchases into the actual rebate calculated.

If you have any questions, please feel free to call me at (413) 494-5424. If I do not hear from you I will assume the attached meets your requirements and will plan to update these exhibits when we issue the next rebate payment. (At current usage rates I would expect Square D to pass the 2MM pound level in May with a rebate check issued in June for approximately \$13 500.)

Sincerely,

R. H. Risley, Mgr.
