Dear Conard:

Among the NAAC records in our possession are internally prepared monthly statements for the period 1/1/54 through 12/31/63.

Most of those statements contain a section labeled "Sales Securements." Enclosed are copies of those pages of the above statements which list sales to Crane. These sales were made prior to those for which we have the more detailed records on the CD.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim", is written over the printed name "JAMES WALKER". The signature is stylized with a large, sweeping loop that extends to the left and underlines the name.
