

Minutes Meeting 10/03/2022 with German Fashion

Participants

██████████ (GermanFashion), ██████████ (textil+mode), ██████████ (GROW.F.1), ██████████
██████████ (GROW.F.1), ██████████ (GROW.F.1)

██████████ and ██████████ expressed concerns about the enforceability of long open lists of banned substances, in particular where no measurement methods exist. In their view, the tendency for increased grouping and generic restrictions would further aggravate this problem. COM recognized those concerns and referred to ongoing discussions in restriction procedures and the planned actions on enforcement in the REACH revision.

Thank you,

██████████
