The OSC met Wednesday, March 6, 1985, at 10:00 a.m. The following items were discussed.

Citizens Against Crime

"Citizens Against Crime" now offers a home and fire safety program. This was made a note of for possible future use.

MESH

Leo informed the committee of the availability of the Nessler Center for the upcoming MESH II. It was agreed to reserve the necessary rooms for September 25, 1985.

Past Safety Presentations

Attendance to the recent safety presentations has been far below desired. It was suggested that we keep sign-in sheets for attendees of future presentations. These would be given to SHAC/Tromblee to stress the need of management's support for better attendance.

Physical Fitness Program

Betty Culbreth distributed the returned survey forms to members of the committee for tallying. Several ideas were discussed as to determination and set up of programs. Betty plans to discuss with Max Cruse the possibility of forming a committee or task force to handle this project.
