Subject: Wanted to catch up and ask if you could take the time to talk to [Ex. 6]

Phil,
It has been a while since we talked. Since we last talked I have joined the Administration and am back working on the issues we have both worked on for years. Also [Ex. 6] at your alma mater of the University of Richmond.

Could I ask a personal favor. There is a young man that you may remember from [Ex. 6] that I have great respect for named [Ex. 6]. He is about to graduate from the University of Michigan with a Master's Degree in Naval Architecture. I have known [Ex. 6] since he was a young man and had the privilege of working with him as he worked his way through [Ex. 6]. Then again to watch his incredible development from a talented high [Ex. 6] to a very accomplished Naval Architect at the University of Michigan as both an undergrad and now as a graduate student.

[Ex. 6] about to graduate and could use some solid career counseling advice on what opportunities might exist for someone with his background at Exxon/Mobil or Sea River. I can think of nobody better placed to provide him the counsel he needs to begin his career.

Could you take a few minutes and talk with him. I would consider it a personal favor.
