During our brief discussion following the pre-hearing conference on January 25, 1974 concerning proposed standards for toxic pollutants, you indicated that you would be in contact with appropriate people so that Monsanto would obtain necessary copies of appropriate documents. During the day I had obtained the address of the court reporter who was transcribing the pre-hearing conference. His address is as follows:

BUD ENGLEBERG
ACE-FEDERAL REPORTERS, INC.
STENOTYPE REPORTERS
415 SECOND STREET, N.E.
WASHINGTON, D. C. 20002
TELEPHONE: 547-6222

Mr. Engleberg suggested that a Miss Rosemary Hughes be contacted with respect to transcripts of the pre-hearing conference.

I will look forward to hearing from you with respect to the transcript and any other developments of interest concerning toxic pollutants.
