Dear Bob:

It has been sometime since we last moved any of our discontinued inventories of SG-210 and HPO asbestos.

We still have 82,355 pounds of SG-210 asbestos at our Acme, Texas plant and 123,600 pounds of HPO at our Marietta, Georgia plant.

With your cooperation we have cleared out the small inventories at Akron, New York and Chicago and we are most anxious to eliminate these others as well.

Should I be working through Linda Grogan at King City to seek shipping instructions to other users or do you direct her in this regard?

Any further assistance you can give us will be appreciated. Thank you.

Very truly yours,

Edward L. Aasen
