Mr. Jack Crawford
Plant Manager
Certain Teed Products Corporation
600 St. Cyr Road
St. Louis, Missouri 63137

Dear Mr. Crawford:

This letter will confirm our request to schedule a follow up survey of your plant. Since speaking to Mr. Honoky we have had to modify our schedule slightly and would now like to schedule our survey of your plant for July 10,11 and 14. If these dates are unacceptable, please contact us. Our resurvey will consist of the collection of a variety of air samples to characterize the workers' exposure to asbestos dust. This study is a follow up to our initial survey of December 1965 for the purpose of gaining a more complete profile of the workers' exposure.

Your cooperation in this study is sincerely appreciated and the data from your plant has been of considerable value.

Sincerely yours,

Douglas L. Johnson
Assistant Chief
Field Studies Branch
Bureau of Occupational Safety
and Health
