Inquiry about Lead Poisoning

March 24, 1949

Dear Ollie:

We quote below a letter we have received from Ted Littlefield in San Francisco. Also, we are attaching a copy of the letter that Shell Oil Company has received from Mr. Victor Horney.

"Dear Ray:

This letter came in to the Shell people from Napa, and they assume it to be someone who is working in their stations. I thought you might like to send a copy of this to our Medical Laboratory, because obviously these people are in trouble and maybe they would be able to offer some solution. If they think this is important enough to follow through and want to get in touch with the medical people who have been working with this man, we will be very glad to develop any information they desire.

Very truly yours,

ML lj

Meredith Littlefield"

We would appreciate receiving advice as to the action we should take.

Yours very truly,

A. H. Chenault
