	3.12	PFHxA restriction proposal information point. Please refer to the ppt presented by Foreseen now for June (but no text for the moment) (late RAC SEAC 2021 !) Overlap with the universal PFAS restriction Some large derogations incl.unlimited derogations.	

		RAC had specific concerns on some exemptions/ SEAC also concern on the restriction content
	3.13	Debrief microplastics restriction Voted last REACH committee (April) Was uploaded on sharepoint BE vote statement – on the Sharepoint.
	3.14	D4,D5, D6 siloxanes restriction - please refer to the ppt presented by D4, D5, D6 on the SVHC list In polymers (monomers in the polymers) Industrial uses are exempted No restriction on the silicone polymers Strictly controle closed dry cleaning Scope Orgnaic or non organic definition Link with the POP identification > discussed later this month (LRTAP?) No BE position there is no proposal WL polymer siloxanes ok but the polymers are not targeted only the monomers into the polymers.

		WL should check with IND if their products are in the current scope and their specific composition (% limits?)	
4. Beslissingen			
4.1. FOR DECISION
