

BELLE CITY MALLEABLE IRON COMPANY

RACINE STEEL CASTINGS COMPANY

RACINE, WISCONSIN

November 1, 1940

Dr. Robert A. Kehoe
College of Medicine
University of Cincinnati
Cincinnati, Ohio

Dear Dr. Kehoe:

It has been some time since you have made any test on Mr. [REDACTED]. We believe it would be well to determine at this time whether he has absorbed any additional lead.

We would like to have you send the necessary container and advise us when this is being forwarded so we can make the necessary arrangements with Mr. [REDACTED].

We are rather anxious to complete this test as shortly as possible. Therefore, your prompt action will be appreciated.

Yours very truly,

BELLE CITY MALLEABLE IRON CO.

J. Kitto
