

Dutch Boy FASTER

For Basement or Playroom Walls and Floors, Porches, Steps and Stairways

New Dutch Boy FASTER is the quick, easy way to bring back new life, new beauty, to floors and steps of playrooms and basements. Here is the latest in latex paints with all the "extras" that only Dutch Boy acrylic latex can offer. Dutch Boy FASTER retains its lovely finish, its color-fast beauty, despite the repeated wear and tear of heavy traffic and year round exposure. FASTER is a breeze to apply and in a few short hours is "walk-on" dry. Completely odorless! Rollers or brushes clean up with just soap and water.

Family rooms go modern when you apply lovely-to-look-at FASTER colors to walls, floors and stairs.

FASTER's tough, tight finish is easy to keep clean, resists penetration of dirt, oil, grease.

Depend on FASTER to stand up outside too! Weather proof, fade proof... colors stay true.

**COUNT ON DUTCH BOY
FOR EVERY JOB!**

If it's worth painting it's worth using the best paint available and that's Dutch Boy.

Inside or outside, the superior quality of Dutch Boy paint products give long-lasting beauty and protection. Carefully formulated of the highest quality materials, Dutch Boy paints have been time and exposure tested for your guarantee of satisfaction.

Give your home, and all that's in it, that "new" look with wonderful Dutch Boy paint!

Dutch Boy® FASTER New Acrylic Latex Floor Paint

Dutch Boy does it...best!

HERE'S WHY "Dutch Boy" does it—best WITH **FASTEP**

- FASTEP is easy to apply**—Do it fast with a roller. Large surface areas get done quickly and with little effort.
- FASTEP dries quickly**—Dry in minutes. Re-coat or walk on Fasteer in two hours.
- FASTEP is odor free**—No more unpleasant paint fumes to spread throughout the house.
- FASTEP makes less mess**—Rollers and brushes clean up fast with just soap and water.
- FASTEP is safe to use**—Contains no flammable solvents to create fire hazard during application.
- FASTEP lasts longer**—Tough, smooth finish means greater resistance to heavy traffic. Colors last longer. They're fade proof and skid proof!
- FASTEP is ideal for masonry!**—It anchors itself tightly and bonds itself to unpainted concrete or masonry. Stays put.
- FASTEP is good on wood too**—Though formulated especially for masonry surfaces, Fasteer performs equally well on properly prepared wood floors, steps and handrails.
