Kettering Laboratory
College of Medicine
Eden Avenue
Cincinnati, Ohio 45219

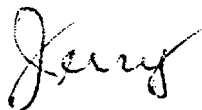

Dear Dr. Kehoe:

LH 86--Lead Glazes for Dinnerware

I just received a copy of the new surveillance program being promulgated by the U. S. Potters Association. This new program incorporates the FDA extraction test for lead rather than the ASTM test originally developed at Kettering.

If you have any comments on the program, I would appreciate having them.

Sincerely,

J. F. Cole, Sc. D.
Manager, Environmental Health
