Dr. David C. Musch
Department of Ophthalmology
Box 12
University Hospital
Ann Arbor, Michigan 48109

Dear Dr. Musch

I am enclosing a copy of the Bertazzi article. I believe this was a handout at the Helsinki meeting and is probably scheduled for publication in the proceedings.

I was not able to get a copy of Bumgarner's report, so I quoted from the NIOSH criteria document.

I hope this will be helpful.

Yours sincerely,

William R. Gaffey, Ph.D.
Manager, Epidemiology
