1965

(1)

8/25/69.

Gordon Tokuty Mtg

Wheeler, Kelly, Hudson, Richard, Tucker, Ed Jeter, Springate, Hosmer, Spano, HSHS.

1) Jud Stueck — Utah State Univ
PCB — effects on birds
— as potent enzyme as DDT

attach "A" letter

2) CA Health Dept (CA State Agric Dept)
PCBs — will report
FDA to give State Health (CA) anything we have.

3) Hartford, Conn. publicity
PCBs in Fish

4. Fagus call report
Great Lakes Steel Corp.
report "1 ppm kill all marine organisms"
— will write back asking more info.

TRAN 021750

5.) Johannes — heat transfer Rep.
will bear out (attch "B")

Stellar ? Dow advised by Wheeler re fish contamination — check all customers be sure none come in contact — originally Bell State would preclude.

Transwestern
EXHIBIT NO. 185
5/1/92 KR

J Fallon? // Lawrence Konecko Research - Hard cause. medium oil problem - Find out why it happened?

Kellog, Battle Creek called Wheeler. - they have new plant in Japan - said they might have to review.

6) A Bond Lab Anaheim, Mich - talk to Water Pollution Duluth, Minn

Sample Electrode - found:

5 ppm PCB

Scott Timberfound Goodyear - have PCB.

7) WARF - Study Lab Michigan

Sponsored by Wisconsin, Dell, Stauffer, etc.

Found 9 out of 80 samples Found PCB

These are H.O samples. Trying to find source PDT, Dieldrin etc.

Shubert for Found PCB - ~~any~~ 1254

No quantitation yet - want to talk techniques to us.

TRAN 021751

HARTOLDMON0026153

Monsanto

(8) Pensacola situation

- Attach 'C'

- meeting with State people.
  State people didn't ask standing questions

- sample mud - ½ mile below own outfall
  found 486 ppm

- Pensacola will monitor own outfall work with Tucker.

(9) Publicity from Oregon State - attach 'D'

Biological Impact

Oncospa Island - Brown Pelican

X Endrones - hundreds of ppm - not confirmed by mass spec.

| Monsanto did not provide samples

- Paper by Reynolds -
  1×10^{10} gr product 22 M lbs/yr by mass all living organisms on earth
  Leads to
  PCB residues in fish - if FDA ever looks they would rule out.

TRAN 021752

HARTOLDMON0026154

10) Scott Tucker – memo 8/18/69

USDA Committee mtg W-45 – St L. Oct 15-17.
Attach "E"

11) Our Tests
Chronic 90 day
no effect rats & dogs
1 dog – 100 ppm – some decrease thrombocytes
leghorn chicks

Conclusion

Committee appt.
Elmer Ahrens - Chm
Bill Richard
Morton Falcon
Ed Yelm / Tom Ford

Rept by 9/15 – recommendations on future program
