Dr. Edward Kline
Medical Director
General Electric Company
570 Lexington Avenue
New York, New York 10022

Dear Ed:

Thank you so much for giving us a spot on your program. It was very profitable to all three of us from the Metropolitan. I hope that we have established a line of communication with our medical people which we can keep functioning. I am sure it will help not only with some health insurance problems, but be useful in other ways. We have a lot to learn from you fellows which can be valuable in other phases of our program.

I would appreciate having a copy of the list of those who attended the Conference from your various plants. As we develop new educational materials, we could let them know what we have. It just occurs to me that some of the doctors might like to be on the mailing list for our Statistical Bulletin. If you think this is worthwhile, I could drop them a line offering to do this.

Again, I enjoyed very much being with you and on behalf of Dr. Henriques, Dr. Eberhart and myself, we want to thank you. Not the least of the pleasant time we had was the opportunity to meet your charming wife. I hope when you have had a chance to get your breath, that we can get you out to the country for a little social get-together. Warm regards.

Sincerely yours,

George M. Wheatley, M.D.
Senior Medical Director

BCC- Dr Henriques
Dr Eberhart
Dr Robinson
Mr Kuger
