PERSONNEL CHANGES AT BRADLEY

Joseph P. Milliken has been appointed superintendent of the Bradley plant succeeding Carl Carlson who retired December 31, after 37 years of Company service. Mr. Carlson had been superintendent since 1956.

Mr. Milliken joined the Company in 1937 in the lead chemicals department of the Philadelphia Branch. He was transferred to the Bradley plant and named assistant superintendent there in 1956.

Peter A. Andersen, who has been general foreman since 1956, has been made assistant superintendent. Mr. Andersen was first employed by the Company at the Bradley plant in 1935. He became assistant foreman of shipping and warehousing in 1938 and foreman in 1944.
