Q The four you have just identified?
A Yes.
Q Where did you use them in the church?
A Throughout, everywhere.
Q Where were the pipes that you insulated located within the church?
A Everywhere.
Q Were there some up in the altar?
A Yes, it could be. You have to heat up their -- you have to have water up there.
Q Are they in the floors or the walls?
A Both.
Q Are there any in the ceiling or the roof?
A No, not in that church.
Q Do you remember the size of the pipes that you covered inside the church?
A In the church?
Q Yes.
A Could be a rain leader, I guess that was -- could be eight or 12 inches.
Q Do you know what the pipes you insulated
