Dear Dr. Coler:

I was very pleased to have your
'phone call earlier in the month, advising that the dust
counts made by your engineers were satisfactory. I will,
of course, be very much interested in having the individual
record which you have promised as soon as your office force
is settled down in its new quarters and it is convenient
for you to send them to me.

I am looking forward to seeing
you late next month in Nashville, and in the meantime we are
following through on the different individuals who received
personal letters as a result of the latest X-Ray examination.
Reports, as required, will be forwarded to you as Dr. Sacy
completes his examinations.

With very best wishes, I am

Yours very truly,
